Provider Description

1 To 1 Tutor is a high quality, research based online program proven to increase students' math skills. We tutor students in K through 12th grade in Math. During tutoring, students interact with tutors on a 1:1 ratio via computer communications in "real time" - they can hear each other and see what each one is doing on the computer screen. Students communicate with tutors through a headphone and microphone and on the cyber whiteboard software. The whiteboard allows students to draw free-hand as needed to better express themselves and to demonstrate their abilities. Our online learning materials are research-based and are aligned to your state's standardized test. Exposure to standardized testing-like material allows students to prepare for the real standardized test and grow comfortable with state exams. Tutoring

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

takes place on a computer that has internet access. Our lessons and tests are available in both English and Spanish. Tutoring is offered Monday-Saturday from 9am-9pm.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

1 to 1 Tutor is a high quality online tutoring program proven to increase students' math skills. We tutor students in K-12 grade M-Sa 9AM-9PM in English and Spanish. Sessions are 2x/week, 1 hour each, for 30 hours at a rate of \$59.00/hr (not to exceed the PPA). Students interact with tutors on a 1:1 ratio. Our online learning materials are research-based and are aligned to your state's standardized test which allows students to prepare for the real standardized test and grow comfortable with state exams. 1 To 1 Tutor hires only tutors who have a minimum of a college degree with many holding a Master's degree. Tutors are also trained in methods of instruction and teaching culturally diverse students. Each student receives personal instruction based on specific learning plan goals, with teaching techniques matched to their needs. As demonstrated in the "2007-2010 Math Effectiveness" study, students have shown overall growth of 30 points from their pre- and post-test scores.

What is the minimum number of students per school you will agree to serve?

One (1)

At what location do you plan to tutor? (Sites not allowed in our school buildings)

1 To 1 Tutor provides online tutoring only.

Provider Description

Our company was founded in 2003 by Michael Flowers, a former classroom teacher, who saw the growing need for supplemental education in central Arkansas. Since then we have grown to serve in 11 different states across the US. Our program has a record of success with all types of students and emphasizes small-group instruction with a ratio of tutor-to-student of no more than 1:8, and offers an option of

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

supervised individual computer-based instruction for grades 3-12. Our staff is unified in the belief that students at risk of failure due to a wide array of circumstances can thrive in a positive, respectful, well-supported learning environment that features small groups, intensive instruction, individualized learning programs, appropriate use of technology, and research-based teaching strategies and materials.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

100 Scholars program offers tutoring in Reading/English Language Arts, Math and Science for students in grades K-12. Tutors are Title I Paraprofessionals or have an associate degree or higher. Our program emphasizes tutor-guided, web-based study for each of its students, with small-group and one-on-one instruction. Our curriculum is research-based and aligned with SkillsTutor from Houghton Mifflin Harcourt and with the district's curriculum. Sessions range from 2-20 classes at 1-3 hours each depending on students PPA and the hourly tutoring rate. We measure our program's positive impact on student achievement through several methods: Performance test results, parent/guardian surveys, and student surveys. Based on pre- and post-test results, RLA STAR assessment showed an overall growth of 2.1 GLE in math and 1.4 GLE in reading.

What is the minimum number of students per school you will agree to serve?

1

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring can take place in the home or in a public location approved by the parent/guardian such as a library or community center.

Provider Description

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

A A PIE(All About Partners In Education,LLC)has over 53 years of educational experience. We provide one-on-one in-home and group tutoring, at schools, community centers, churches, and public libraries.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Tutoring sessions are 1-2 hours, 1-3 times per week for a minimum of 20 hours. The student to teacher ratio for our large group sessions can be 8:1 and for smaller groups the ratio can be 5:1. Our curriculum is researched based and fully aligned with state standards. Our tutors are certified teachers, paraprofessionals, and degreed professionals. We serve students in grades k-12, in the areas of reading, language arts and mathematics. Individualized learning plans for each student are based on their academic need and developed after the students are pretested in the subject the parent and/or teacher recommend or the subject identified the most need based on previous test scores. Of the children who completed all hours they showed overall 13% increase in reading and 34% in math.

What is the minimum number of students per school you will agree to serve?

5

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring will be done at libraries, churches, community centers and in-home.

Comments:

A Plus B Academics serves all grade levels. We provide Supplemental Educational Services in the following subject areas: Mathematics, English/Language Arts, Reading, and Science.

Provider Description

A Plus B Academics serves all grade levels. We provide Supplemental Educational Services in the following subject areas: Mathematics, English/Language Arts, Reading, and Science. A Plus B uses a diagnostic/prescriptive process to make sure the tutorial instruction addresses the students academic deficits and instructional needs. Before any tutorial sessions take place an initial assessment is administered to all students, upon completion of the initial assessment a Learning Plan is developed for each student. Clear instructional goals are developed for each student prior to the start of the scheduled tutorial services. An SLP will be developed through a collective effort with input from the applicant, the students teacher, the parent and any other district and school personnel. Upon completion of the Student Learning plans trained Tutors deliver instruction that addresses the individual academic needs of students based on stated goals.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

A Plus B Academics serves all grade levels. We provide Supplemental Educational Services in the following subject areas: Mathematics, English/Language Arts, Reading, and Science. The recommended scheduling of services consists of one to two weekly tutorial sessions in the duration of 1 to 2 hours and a minimum of twenty sessions (individual and small groups at tutorial site or in home). The ratio of student(s) to teacher is 1:1, and 1:5 for small groups. Our tutors credentials include a minimum of a college degree from an accredited institution. We employ the following strategies proven to increase student achievement: teacher directed practice, predictable lessons, continuous progress monitoring, direct instruction, guided reading, mastery, scaffolding, and verbal praise. A Plus B Personnel used the Buckle Down Curriculum at several Florida locations. The curriculum was shown to be highly effective based on the significant Posttest gains made by the program participants.

What is the minimum number of students per school you will agree to serve?

The minimum number of students that A Plus B Academics will agree to serve per school is two students.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

In-Home, Community Centers, Churches, Libraries, etc.

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Do you make accommodations or modifications for students with disabilities?

Yes

Do you individualize your curriculum for special needs students?

Yes

Will transportation be provided TO the tutoring program?

Yes, all sessions

Will transportation be provided FROM the tutoring program?

Yes, all sessions

Comments:

Our tutoring programs will be located at sites such as churches or community centers that are convenient and close to the student's school and home. Students will receive free transportation to and from the program. We will work with individual families to ensure that their child is safe while awaiting transportation.

Do you work with multilingual students?

Yes, all sessions

If so, which language(s)?

Spanish

If "Other" please specify:

A+ Tutoring will teach English speakers of other languages (ESOL) students in English. We will use Spanish-speaking tutors to communicate with the families. Also A+ Tutoring has a bi-lingual office staff to help with questions from the families. All of our trained tutors are state certified and/or highly qualified and have at least 60 hours of college credit according to No Child Left Behind Law.

Comments:

A+ Tutoring will review the Individualized Educational Plan (IEP) of special needs students to make sure accommodations and modifications along with individualized instructional strategies are met. This will guarantee federal and state guidelines are followed.

Individual student weekly assessment conferences will monitor and measure student achievement. Students, parents and school will receive a monthly progress report.

All of our trained tutors are state certified and/or highly qualified and have at least 60 hours of college credit according to No Child Left Behind Law.

Criminal background checks are required of all persons who come in direct or indirect contact with students who will be tutored.

Provider Description

Mission Statement: To help each student come into confident possession of his/her talents and improve their skills necessary for success in a global society.

Vision Statement: A+ Tutoring vision is to create a tutorial service to help all children, kindergarten through the twelfth grade, regardless of learning disabilities and language barriers.

Tutorial Design: Created to help all children K-12 regular education, special needs, and English Speakers of Other Languages (ESOL) to improve academic achievement. Curriculum Associates books provide research-based lessons that ensure mastery in reading, mathematics and English language arts. All curriculums use research base materials.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

A+ Tutoring was created to help K-12 regular/special needs and English speakers of other languages (ESOL) students in the state of South Carolina. Tutoring will occur weekly for 1-2 hours per session, twice a week. Students will receive at least 20 hrs of tutoring in reading, mathematics and language arts. Individual (1:1), Small group (1:2-5) and large group (1:6-8) tutoring will be provided at the home, day care center, churches or other safe community locations. Classes are structured by grade level into groups using the MAP RIT scores. Curriculum Associates materials will pinpoint needs, differentiate instruction,

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

measure progress and ensure mastery. 90% of the students in our program increased their math MAP scores a minimum of 10 points, while reading MAP scores increased a minimum of 12 points. A+ Tutoring documented this success in our SES End of the Year Report (09/11)

What is the minimum number of students per school you will agree to serve?

1

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring will be provided at the home, day care center, churches or other safe community locations.

Provider Description

Academic Assistants Plus provides one-on-one tutoring (1:1) and small group tutoring (1:3) in Reading/ Math. Our program takes a two step approach which includes instruction to improve classroom success and the goal of achieving state standards. We serve grade levels K5-8th grade and serve multilingual/special needs students. Tutoring locations are in-home, school, library or after school facility for one to six hours a week with a total of 18 hours. We offer services Monday Saturday with a three day maximum. Our tutors have a minimum of a bachelor's degree with full credentials and teaching/tutoring experience. Using a pre-post test comparison for 2010 -2011 our NCLB students improved statewide an average increase of 16 points in Reading and 11 points in Math on Spring 2011 MAP scores; an average increase of 19 points in Reading and 11 points in Math on the Achieve Test and an average increase of 1 year on the Brigance Test specifically used for special education and ESL students.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Do you make accommodations or modifications for students with disabilities?

Yes

Do you individualize your curriculum for special needs students?

Yes

Will transportation be provided TO the tutoring program?

Yes, all sessions

Will transportation be provided FROM the tutoring program?

Yes, all sessions

Comments:

Transportation will be outlined with the schools and school district. Transportation also depends on the number of students enrolled a site.

Do you work with multilingual students?

Yes, all sessions

If so, which language(s)?

French

Spanish

If "Other" please specify:

We staff our programs to reflect the needs of the school and the students. We attempt to match up students who are bi/multilingual with experienced instructors in their native language.

Comments:

Provider Description

Academic Station provides a fun, challenging and engaging program with a strong and highly qualified tutor base. Our programs provide results on homework, regular school day activities and on State tests. We provide free tutoring services in Reading/Writing and Mathematics, and we service all students from (K-8th grade). Tutoring sessions run from 1hr to 2hrs, and can be 1, 2, or 3 days a week, depending on district regulations. Tutoring occurs in large or small groups, and in-home. Our staff is experienced, certified and highly qualified. We have managed over 14,500 students since 2002, and have yielded results every year. Students have demonstrated gains of 22 points in Reading/Writing & 23.5 points in Math. On average we provide 25-35 hours of tutoring and provide a challenging pre-test and post-test, to measure the students progress. Our tutoring ratio is 6 students to 1 teacher.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Provider Description

Adelante Tutoria is a new provider.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Adelante Tutoria provides tutoring to both English and Spanish speaking students. We are serving grades K-12 in math and ELA. Our program is available in face-to-face setting and online. Tutoring is done either in groups of 2-8 students or one-on-one. Online program is offered one-on-one. Each tutoring session is one-to-two hours long. Tutoring sessions are usually held twice a week. Sometimes, they are held three times a week. Adelante Tutoria uses research based methods suggested by What Works Clearinghouse to teach state standards. We use a variety of tutors. Most tutors are certified tutors, and we also hire other graduates and college students to tutor students. In Cherokee County, students will receive 20 hours of tutoring.

What is the minimum number of students per school you will agree to serve?

Adelante Tutoria plans to serve each one of its students. If face-to-face tutoring cannot be provided, arrangements will be made for online tutoring

At what location do you plan to tutor? (Sites not allowed in our school buildings)

We plan to tutor at students' homes and in community centers.

If "Other" please specify:

Comments:
Some of our teaching materials are available in Spanish. We plan to use them as needed.

Provider Description
Advanced Tutoring is a new provider.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Advanced Tutoring will provide online tutoring to students two to four times a week. Students will be provided with internet ready computers or net books for tutoring. Students will attend a minimum of half an hour per session and a maximum of four hours per week. In most cases, tutoring will be provided at students' homes. A different location will be chosen if needed. Advanced Tutoring will use a variety of

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

web-based curriculums to teach the state standards in English and/or math to students in grades K-12. The web-based programs provide multimedia presentation of the content. They integrate effective teaching methods like cooperative learning methods, explicit instruction and hands-on learning. Tutoring will be offered one-on-one. In a group setting, a site-coordinator/tutor will monitor students as they work online. Our tutors will be certified teachers with several years of teaching experience. In Aiken County, students will receive 23 hours of tutoring.

What is the minimum number of students per school you will agree to serve?

Advanced Tutoring plans to serve each student that enrolls in its program.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

We plan to use Students' homes and churches.

We will work with special need students. ASP will request to see the IEP and develop a Student Achievement Plan with the help of the IEP, teacher and parents' input

Comments:

ASP will teach the ESL students in English though ASP will use Spanish speaking teachers to communicate with the families. Also, ASP has bi-lingual office staff to help with questions from the families.

Provider Description

After School Plus was designed with the knowledge that every student has different learning styles and needs. Our tutoring can be done one on one at home or in small groups at the school or a nearby facility. Some students need the one on one attention to best succeed. Other students work best in small groups. Our small groups are no larger than six students. In either situation After School Plus tutors are all certified teachers or four year degreed professionals. We will provide 20 hrs of tutoring.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

We tutor children from K-5 through 12th grade. Tutoring can be done one on one for children needing individual attention at home or a library. ASP also tutors in small groups at the school or a nearby facility. Small groups are no larger than six children insuring each student has attention form the tutor. Tutoring will occur twice a week for 1.5 hours to 2 hours per session for a total of 26.1 hours of tutoring. ASP tutors are certified teachers or four year degreed professionals.

ASP will works with your child in Reading, Writing, or Math. ASP pre-test students to determine the level and content area to be tutored. The pre-test results will be shared with the school district and used to develop a Student Achievement Plan. Every student will have an individual achievement plan based on their needs. On average our students improved their scores on the post test by 22.3% in this district

What is the minimum number of students per school you will agree to serve?

ASP will serve at least 6 student.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

In home, churches, community centers, TBD

No

Will transportation be provided FROM the tutoring program?

No

Comments:

Since we primarily tutor in the home, transportation is not needed. However, if parents choose for services to be held at the local library, the parent will be responsible for transportation.

Do you work with multilingual students?

Yes, all sessions

If so, which language(s)?

If "Other" please specify:

Comments:

Our company employs Spanish-speaking tutors.

Provider Description

Aim to Attain Educational Services, LLC was founded by a certified classroom teacher who believes that failure is not an option! We believe that ALL children can succeed despite ANY odds that they may be up against. It is our mission to give students the necessary educational tools that they need in order to become productive citizens and lifelong learners. We seek to do this by creating innovative lessons that cater to unique learning styles and by providing nurturing staff who develop positive, student-teacher relationships that increase students self-confidence. Our company strives to bring education back to the forefront of todays society. We want ALL children to realize that if they AIM for their goals, there is no limit as to what they can ATTAIN.

Aside from our engaging lessons, one of the things that make us different from our competition is our open door policy for parents. We believe that in order for students to truly be successful, there must be

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

joint cooperation from both the teachers and parents. We encourage parents to sit in on any of our tutorial sessions. Being able to sit in on your child's tutorial lessons will give you more insight on the skills in which your child needs additional help. Therefore, you can work with him/her at home on improving these skills.

Aim to Attain Educational Services, LLC uses research-based best practices that are aligned with the states standards in order to guide instruction. Our techniques have a proven track record for preparing children to become successful when taking standardized assessments. Our approach to teaching is one that encompasses lessons that are data driven, highly engaging, hands-on, repetitious, and THEY WORK! We strive to create lessons with a multi-sensory approach that address the needs of visual, auditory, tactile, and kinesthetic learners.

We provide instruction in Reading, Language Arts and Mathematics, for students in Grades Kindergarten through 12th. We provide 1-on1 instruction as well as small group instruction with up to an 8:1 student/teacher ratio. Our tutorial sessions are held after school, 2 days per week and last 2 hours per session. We provide tutoring in homes, libraries, local churches and community centers. Our goal is to make our services easily accessible to both parents and students. To help better serve you, we also offer tutorial on Saturdays if needed.

Do you have a student with special needs? If so, we have staff members who have been fully trained to work with your child. We know what it takes for students with disabilities to learn and we provide it. We are experienced in serving students with learning disabilities, autism, mild cognitive disabilities, attention deficit hyperactivity disorder, emotional disorders, cerebral palsy, schizophrenia, and other health impairments. Our focus is student success! Let us help prepare your child for the future!

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

As one of the few companies founded by a HIGHLY QUALIFIED and CERTIFIED TEACHER, Aim to Attain knows how to help your child SUCCEED! We provide 20 hours of tutoring in Reading/Language Arts AND/OR Math for students in grades K-5. We offer both 1-on-1 and small group tutoring in HOMES or local libraries. Sessions are 2 days per week and are 1-2 hours long. Parents choose the days and times for services to be provided, Monday through Saturday. Our lessons are highly engaging, hands-on, repetitious, and THEY WORK! We have a 90% proven effectiveness rate for increasing test scores. The average student gains 12-16 new skills by the completion of the program. We openly invite parents to observe their child's tutoring sessions at anytime. Weekly conferences and monthly progress reports are also given. Our instructors are certified teachers and 4-year degreed professionals who have undergone extensive background checks and professional development training.

What is the minimum number of students per school you will agree to serve?

We will serve a minimum of 5 students per school.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring will be held at the students home or at a local library.

Our transportation arrangements will vary from school to school. If we pick a location other than the school, we will try to provide the transportation to the tutoring site and from the tutoring site to student's homes. At some locations, we will take students to our tutoring site, and parents will have to pick students up after tutoring.

Do you work with multilingual students?

Yes, some sessions

If so, which language(s)?

If "Other" please specify:

Instructions in Hindi language will be available at some locations.

Comments:

As needed, we will offer tutoring in Hindi and Spanish languages. Instructions in these languages will be offered only at some locations where tutors are available to offer these services.

Provider Description

Anytime Tutoring uses hands-on materials and cooperative learning methods to teach state standards to its students.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Anytime Tutoring offers free tutoring in math and ELA/reading to students in grades K-12. Our tutoring sessions are one hour to two hours long. We offer up to six hours of tutoring per week. Students in Cherokee County will receive 20 hours of tutoring. Tutoring is offered either one-on-one or in groups of 5 to 8 students to a tutor. Many times, our groups are even smaller. We offer both face-to-face and online instructions. Online tutoring is usually done one-on-one at students' homes, but it can also be offered at other locations and in small groups. Most of our tutors are certified teachers, but when needed we do hire other professionals. Our tutors include certified teachers, assistant teachers, retired teachers, and college students. Anytime Tutoring has been in tutoring business for the last six years. Each year, our students have made at least 20 percent gains on their achievement levels as measured by our pre and post test scores.

What is the minimum number of students per school you will agree to serve?

At each school, we will serve as few as one student. If a face-to-face tutor cannot be arranged, we will offer online tutoring to accommodate this student.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

We plan to tutor at students' homes, at community centers and at libraries.

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Provider Description

ATS Project Success offers math and reading tutoring online to all eligible students in grades K-12. Transportation is not required for students in our program, as services are provided in the comfort, privacy, and safety of the students home. Project Success uses Pearson Digital Learning's integrated learning system, SuccessMaker, for grades K-8 and CompassLearning's Odyssey, for grades 9-12, to ensure that the program is directly connected to the South Carolina State Standards. Tutoring is available 24 hours a day, 7 days a week. Our program is flexible, and families can choose a schedule that best meets their needs. Students are evaluated, monitored, and tracked on a daily basis. Parents are contacted weekly by telephone, and monthly by mail, for a report on student progress. Students will begin as soon as we have received their name. Students are required to work for a minimum of two hours per week and a maximum of six.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

ATS offers K-12 math and reading tutoring online in the students home. Project Success uses Pearson Digital Learning's, SuccessMaker, for grades K-8 and CompassLearning's, Odyssey, for grades 9-12 to ensure that the program is directly connected to the South Carolina State Standards. Tutoring is available 24 hours a day, 7 days a week. The session length is 1 hour. Students will receive 22.78 sessions of tutoring. Families choose a schedule that meets their needs. The student-teacher ratio is 1:1. Students are evaluated and monitored on a daily basis. Tutors employed with ATS must have a minimum of a high school diploma with either an Associates Degree, 48 college credits, or successful completion of an assessment measuring knowledge of reading, writing, and math. Most tutors are certified in the subject being taught or have passed the Michigan Subject Area Test for Teacher Certification. We expect students to increase their instructional level 1/10 for every 3 hours they work.

What is the minimum number of students per school you will agree to serve?

One

Yes, some sessions

If so, which language(s)?

Spanish

If "Other" please specify:

Comments:

TBGEA provides instruction through various methods-computer-based, direct, interactive, hands-on and engaging.

Provider Description

Barner Group Education Associates provides a holistic approach to learning, focusing on core academic skills with the greatest impact on your child's success. A pre-assessment is given at the beginning of the tutoring session to ensure that the focus of the tutorial sessions is specific to each child's learning needs & that sessions are designed to improve academic performance. Additionally, where possible MAP (Measure of Academic Performance) scores are reviewed and utilized to design instruction specifically to student needs. The computerized math instruction, direct instruction in English/Language Arts, hands-on, engaging and interactive Science component along with competitive projects in each content area are used to keep learning fresh and fun. Instructors are highly qualified & know how to motivate students! Our Parent Coordinator works with you & your child's teachers, so everyone is involved & to provide assistance if needed. Classes are small with an 8 to 1 ratio, so your child benefits from working within a group & gets plenty of personal attention. Tutoring sessions are available for ELA, Math & Science, & conveniently located near your neighborhood or in the comfort of your home after-school 2 days per week and on the weekend. Transportation is available. Our students show an average increase of at least one functioning grade level at completion.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Barner Group Educational Associates (TBGEA) offers tutoring in the subjects of English/Language Arts,

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Mathematics and Science. Our 9 week program, with sessions held on 2 days per week, provides an equal amount of instruction in the 3 subject areas. TBGEA uses a combination of direct instruction for ELA and Math, individualized computer-based instruction for Math and interactive instruction for Science to keep our students engaged. In Home and/or group tutoring sessions (1:8-max) are available. TBGEA offers homework assistance to our students prior to engaging in the tutorial activities at each session. Our participants Grades K-8, receive tutoring through proven practices that are aligned to state academic standards and encourage students to excel academically.

Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Estimated Start Date for Services

10/17/2011

Do you make accommodations or modifications for students with disabilities?

No

Do you individualize your curriculum for special needs students?

No

Will transportation be provided TO the tutoring program?

No

Will transportation be provided FROM the tutoring program?

No

Comments:

If the SES services are provided at a site other than the school, parents are responsible for transportation unless notified by the provider of special arrangements.

Do you work with multilingual students?

No

If so, which language(s)?

If "Other" please specify:

Comments:

We have worked with Hispanic students having minimal English skills to increase their English proficiency.

Provider Description

Boys and Girls Clubs of the Upstae serves over 1100 children in after school youth development programs in Spartanburg and Cherokee Counties. We have been an SES provider for two years. On average, students who have completed 10 or more sessions/hours of reading tutoring (out of an average of 35 allotted to each) have improved 7 months of a grade level. In our 09-10 program (for which more complete data is available), among our students with the lowest reading levels at the time of entry into our program (defined here as 1 grade level or more behind), the student achievement levels were very high. The average student at least 1 grade level behind in their reading improved an average of 1.06 grade levels in their reading in just 29 hours/sessions of tutoring. In math, results were also notably high. On average, in 8 hours of tutoring time in the Learning Today program, students achieved an improvement of approximately 26% of a grade level. BGCU has proven effective in positively contributing academic achievement. Each Smart Center partners with existing Clubs to provide a homework-help component where students receive instruction and mentoring. 2009-2010 PASS Scores for BGCU students in our Smart Centers program indicated a marked improvement. Of the students in our SES program, 45% scored higher than the year before in reading. In math, 61% scored higher than the year before, with an average point increase of 7.5. BGCU students, as a group, outperform non-club member students on the PACT/PASS tests and demonstrate positive group movement between years. Although schools largely drive PASS scores, BGCU after school programs demonstrate measurable improvements. MAP scores of participating students are tracked as a means of measuring program effectiveness.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Boys and Girls Club of the Upstate Programs are designed to deliver a high quality, research-based and effective tutoring service for students K5-12th grade. When students enter our programs, you may choose tutoring in reading and/or math. Students are administered a diagnostic test to determine exact skill levels and abilities. We design an individualized lesson plan to improve skills through targeted instruction, fun and challenging activities, and high quality online programs aligned with state standards.

What is the minimum number of students per school you will agree to serve?

Minimum attendance should be twenty students. Consideration will be given to special conditions where service can be provided in a close proximity to another SES school.

Yes, all sessions

If so, which language(s)?

Spanish

If "Other" please specify:

Center for Community Empowerment will serve Spanish speaking students by providing an onsite Spanish speaking instructor at all site locations.

Comments:

The Center for Community Empowerment (CCE) will work cooperatively and collaboratively with the local schools to address any additional instructional needs for the delivery of content and instructional strategies. CCE provides a generous array of materials to include diagnostic standardized assessments for pre-testing and post testing of specific skill sets. Before beginning the program, the instructor consults with parents and teachers to develop an Individualized Student Plan. The Individualized Student Learning Plan provides a roadmap for individual student learning. It includes individualized goals to be achieved and components and strategies keyed to student needs. It provides an analysis and feedback of norm-referenced pre and post-tests with assessment items in four-week intervals and analysis of State performance data, if applicable. Student performance data is discussed with parents and guidance is provided to them on how to assist the student at home.

Provider Description

Regularly the students work undergoes a quality review by a Director and/or teacher, who is responsible for ensuring that goals will ultimately be met. Our instructional design meets the unique needs of underachieving students and relies on ongoing assessment, data collection and communication with parents/guardians and classroom teachers. Where applicable, reporting also takes place through regularly scheduled conferences held with the students school teacher and the students parents. In most of our programs each objective is tested for mastery and/or proficiency and at the end of each concept the student is assessed. At the end of the program students may take a post assessment, which is compared to the initial assessment to determine academic growth. Other academic data points such as grades, benchmarks, and ACHIEVE exit scores are used to validate placement or growth. The Center for Community Empowerment Learning takes extra measures to ensure the SES services we provide directly relate to students classroom instruction. Our curriculum and pre- & post-assessment testing are based on the SCDOE standards, which guide instruction in all South Carolina classrooms. We also send monthly progress reports to schools/teachers to ensure our program is consistent with the academic program students experience during the regular school day. Our instructors keep the lines of communication open with students classroom teachers and parents/guardians.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Center for Community Empowerment will provide tutoring to K through 11TH grade students in MATH and READING. We begin by administering a grade placement test in the subject area to be tutored. The primary purpose of the Math and Reading Grade-Placement Tests is to determine the estimated grade level at which a students' addition, subtraction, multiplication, division, fractions and word problem-solving skills fall as well as identify the grade level they are reading and comprehending the materials used in their school programs. We want to make certain that students have mastered the foundational skills required to be successful in higher grades as well as the state Standardize Tests. Our session length is 2 hours, 3 days per week. Each child will receive customized tutoring. Our student teacher ratios are 8:1, 5:1 and lower according to the student's need. We operate in centers using different learning styles including manipulative.

What is the minimum number of students per school you will agree to serve?

Provider Description
Creative Solutions Consulting Educational Services SES program offers direct face to face tutoring sessions in ELA, reading and math for K-12 students. Students in our program will receive tutoring two times a week for 90 minutes each session. Tutoring is based upon pre test scores, MAP data and individualized

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

learning plans. Creative Solutions Consulting Educational Services is a team oriented educational service drawing on over 30 years of experience in the public school setting. Our staff works with students, families and schools to help identify and address students academic problem areas. Recognizing that each individual is unique, we offer services on a one on one or group basis. Thoughtful and professional guidance is provided throughout our program. Our team work model allows us to put into action realistic and collaborated efforts to move students toward academic success.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Creative Solutions Consulting Educational Services offers a maximum of 27 hours of direct tutoring sessions in ELA, reading and math for K-12 students. Students will receive individualized or group tutoring two times a week based upon their student learning plans, pretest, and/ or MAP scores. Each session is 90 minutes. Students will also receive a post-test to determine gains. Our curriculum is matched to the needs of each student and is based on researched proven math and ELA/reading materials which align with the schools and states standard based curriculum. We have a 7:1 ratio. Our staff includes certified or retired teachers and paraprofessionals who are familiar with the district's and state's academic standards, and federal guidelines for special needs students. Students in our program have shown significant gains of 11 points or better from their initial MAP test to the last MAP test. 90% of students served showed 10% increase on their post test after receiving tutoring.

What is the minimum number of students per school you will agree to serve?

Our goal is to provide services for a minimum number of 25 students per school. However, we are committed as a SES provider to address the need of any student who is in need of our services and whose parents choose us to be their provider. We are also committed to working with parents, individual schools and district level officials to offer supplemental services to any student in the district who qualifies for our services based on NCLB guidelines.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring will be held at convenient locations close to the student's home or school such as a church or community center. We will work with individual families to ensure that their child is safe while awaiting transportation. We will address transportation needs on an individual basis.

Provider Description

Evans Learning Center students, in grades K-8, will receive tutoring services using individualized programs, established in alliance with student, parent and school, to bridge and master the enrollees academic gap in Reading/Language Arts and Mathematics. A preliminary gap and mastery building evaluation is administered to identify student's strengths and weaknesses after conversing with the parents. The primary focus is to close the academic achievement gap.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Evans Learning Center will provide after school tutoring for students in Kindergarten-grade 8 in Reading/Language Arts and Math. Tutoring will be held twice a week (two hour sessions-a total of 4 hours). Instructional hours for the entire program is a minimum of 20 hours, a total of 10 classes, and a maximum student to teacher ratio is 8:1. We will provide a staff of highly qualified, South Carolina certified, 4 year degree and associate degree teachers. All tutors will be required to provide us with a SLED criminal background check. We require completion of employment application, college transcript, name and address of institution granting the degree with the date of graduation. Peer Assisted Learning Strategies (PALS), University of Chicago Everyday Mathematics and Science are research-based

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Do you work with multilingual students?

Yes, all sessions

If so, which language(s)?

Spanish

If "Other" please specify:

Fresh Start Community Development Corporation will serve Spanish speaking students by providing an onsite Spanish speaking instructor at all site locations.

Comments:

Fresh Start Community Development Corporations highly effective program requires tutors to use student data results as a prescriptive tool for instruction and develop lessons according to individual needs.

Provider Description

Fresh Start Community Development Corporation provides tutoring in reading/language arts and math. Our curriculum supports students in grades K- 12. Our session length is 2 hours, 3 days per week. Each child will receive customized tutoring. Our student teacher ratios are 8:1, 5:1 and lower according to the student's need. We operate in centers using different learning styles including manipulative. Our tutors are certified teachers, retired teachers and paraprofessionals. Group, individualized and in-home tutoring is available. Fresh Start CDC will administer a diagnostic assessment, analyze the test results and design a program unique to each student.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Glosso Tutoring Online and Face to Face (F2F) provides an online Reading and Mathematics Program with is built directly for the South Carolina Academic Standards. This program includes web-based mastery standards combined with highly specific and dynamic content. Individualized instruction is provided on varying levels depending on student need. Guided practice, supported application and direct explicit instruction adjusting to student's needs and developmental levels are involved in this program. State specific lessons and test questions with immediate feedback and automated instruction. Real time progress reports drive differentiated instruction.
Our recommended sessions are 4 hours per week. Students will receive 20 hours of instruction or 20-1 hour sessions of tutoring. Our student-teacher ratio is 1:1. All tutors are certified teachers or have at least 2 years of college experience.

What is the minimum number of students per school you will agree to serve?

The minimum number of students that we will serve at each school is 1. However, we are willing to serve all students who select us as their provider of choice. Our services are provided online in the home or wherever there is a public internet connection such as public libraries . Our curriculum is totally aligned with the South Carolina English/Language Arts Curriculum Standards.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Services will be provided in homes with internet connections available or in public settings such as libraries.

Provider Description

Our program design includes carefully constructed and sequenced lesson plans, individualized direct one to one instruction, and problem based learning for students in grade K to grade 12 in English Reading , Science & Math. Our lessons are conducted online at the students home under the supervision of parents/guardians. We provide 24X7 technical support for any technology related issue. For those students, who do not have computer & Internet connection, we provide the same free of cost.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

We provide 1:1 tutoring for grade K-12 in Math, Reading and Science. Our session length is 1.5 for 20-25 sessions (based on hours and PPA) & 25-30 hours of tutoring (depending upon PPA). We provide free laptop and internet connection to those who do have one.

Our tutors have a minimum of a Masters degree in their respective field. Out of these 450 students 154 were tutored in English who scored an average of 34% in Pre- Assessment test, and 65% in the Exit test; 172 students were tutored in Math in which they scored 41% in average in the Pre Assessment Test and 85% in the Exit Test; and 124 students were tutored in Science in which that have shown an average of 46% and 82% in Pre-Assessment and Exit tests respectively.

What is the minimum number of students per school you will agree to serve?

We serve a minimum of 1 student.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

We provide online tutoring tot he students , so we do not require school sites.

Provider Description

Helping Hands Tutoring provides tutoring in Language Arts and Math to K-12 students, including ESL and special needs. Our program is based on goal-setting, positive feedback and small group interaction.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Your child will meet with their tutor individually or in small groups (5 students maximum) once or twice a week for 20 hours. Our tutors are certified teachers and paraprofessionals who are dedicated to helping children. Tutoring will be held in a safe, positive and encouraging environment - usually at a local church or community center - at a time arranged by you and the tutor. Your tutor will regularly communicate with you and the school regarding your child's progress. Last year 98% of students who attended our program achieved their goals and some improved as much as three grade levels! We also have a 100% approval rating from the parents of our students.

What is the minimum number of students per school you will agree to serve?

No minimum

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Local churches, libraries, community centers.

Provider Description

The Kinetic Potential Scholars (KPS) program is built upon five key principles of quality programming: (1) a well-structured program, (2) recruitment and development of high qualified instructors with graduate degrees from Yale, Harvard and Columbia School of Education, (3) curriculum alignment to state standards, (4) involvement of parents/guardians and (5) the latest advancement in technology 3D virtual learning environment (similar to Wii/PS3). KPS pairs each student with KP Tutors and KP Mentors, all of which results in a holistic approach to student success. Sessions take place at school, libraries, community centers and churches. The program is designed for year-round access (before and after school, Saturdays and during the summer), to reinforce and support a continuation of math and reading skills. KPS is more than just tutoring, we provide each student with mentorship and career development throughout each stage of their development.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Kinetic Potential Scholars (KPS) program utilizes the latest advancements in technology to deliver the highest quality education to your child. Live online academic sessions of up to 8 students are led by a KP Tutor who utilizes Now entering its fourth year, KPS has a proven track record of success, with nearly 70% of its students averaging over an entire grade level academic gain in both the areas of math and English language arts.

KP Scholars provides tutoring in math and language arts after school and on the weekends online with a live tutor from home.

What is the minimum number of students per school you will agree to serve?

Provider Description

The staff of Ladders 2 Success, LLC has over 55 years of educational experience. We provide high quality individualized, small group, and large group tutoring specific to meet your child's needs. Our organization caters to grades K-8 in Reading/Language Arts and Math. Experienced tutors provide quality researched based tutoring to students based on a prescribed learning plan. Our teaching methodology and extensive teaching materials for all levels of students provide a very effective means of helping those students struggling with grasping the material. In addition, we regularly communicate with parents, teachers, and schools about student goals and progress.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Ladders 2 Success offers high quality one-on-one, small(2-5) or large group (6-8) tutoring in reading/language arts and math for students in grades K-8. We also meet the needs of parents with LD students and ADHD students. Our program utilizes the student's home or a public facility such as a faith-based organization, community center, or library as a tutoring site. Ladders 2 Success provides 20 hours of tutoring for each student. One to two hour tutoring sessions are held after school M-F, as well as on Saturdays, 1-3 times per week. All tutors are certified-highly qualified elementary and secondary teachers, degreed professionals, or paraprofessionals. Our program uses Coach Materials, 100+ Series Materials, American Book Company EOCE Prep Materials and Spectrum Materials which are 100% aligned with South Carolina's standards and have been proven to increase student achievement on state tests.

What is the minimum number of students per school you will agree to serve?

1 per school or 8 per school district

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Providers (Tutoring Choices) For Cherokee County Schools 2011-12 Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Provider Description

Services Offered - The Learning Key (TLK) specializes in reading or math tutoring for students in grades K-8. TLK starts by determining a child's strengths and weaknesses with a comprehensive Learning Key Skills Assessment. Test results and parent/teacher input are used to prepare a set of customized lessons focused on a child's individual skill gaps. Every student has his own book of lessons. Completed lessons are graded on the spot for immediate feedback. Students receive periodic progress reports as well as a final test. Tutoring sessions are held after school and on Saturday mornings at select locations. Students attend tutoring for 2 to 4 hours per week. Snacks are provided prior to tutoring. Student to teacher ratio is 5:1. TLK tutors in the student's school or in off-campus locations such as local churches, libraries and community centers. At most tutoring locations TLK provides transportation home using district or TLK buses. Although the main focus is on improving a child's basic reading and math skills, learning has to be fun. A system of motivation teaches students to set goals. Students look forward to attending, gain a positive outlook on their education, and build self-confidence. Students who complete the program attend the final graduation ceremony with parents and family members. At the ceremony students are recognized individually for their academic achievements during the program and presented with a Certificate of Completion.

Qualification of Staff - Instructors for TLK are certified teachers or college graduates who have majored in English or math. College graduates must show a strong track record in tutoring. In some rural areas where certified teachers cannot be located, juniors and seniors majoring in elementary or middle education are employed. Each instructor is interviewed and must demonstrate a positive attitude and a willingness to go the extra mile to help TLK students succeed. SLED checks are run prior to employment. Meetings are held with principals to ensure the instructors are aligned with the school's objectives and are highly qualified. Approximately 90% of TLK instructors are certified teachers. A majority of the certified teachers are hired from the qualifying SES schools where TLK tutoring services are provided. Learning Key instructors are required to successfully complete TLK certification training. This involves three hours of onsite training normally in groups of 1 to 15 instructors. Once tutoring begins, the onsite Education Director monitors the quality of each tutoring table and the instructor's daily use of the TLK learning system. Every two weeks a meeting of instructors is held after tutoring to review instructor performance and answer questions.

Evidence of Effectiveness - TLK began providing SES tutoring services during the 2003-04 school year. To date over 2,000 students have completed the TLK SES tutoring program. During the 2008-2009 school year TLK operated in 23 South Carolina school districts. Data was collected from the California Achievement Test and the Iowa Test of Basic Skills Assessment pre and post tests for each participating student. The results submitted to the state for the 2008-09 session show that student test scores have consistently shown an average gain of over grade level. TLK provides from 25 to 35 hours depending on the partnering school district. After approximately 30 hours of tutoring, most students gain at least a half grade level equivalent in the areas that have been targeted for tutoring. For example, the reading and math students in grades 1-8 who tested in Aiken, Charleston, and Jasper counties showed an average gain of .6 grade levels for the 2007-2008 session. The kindergarten students tested in Aiken and Charleston counties had an average gain of 30 percentile points for 2008-2009. Data collected from student report cards and progress reports also show improvement.

Mary Reynolds Principal Goodwin Elementary School, Charleston School District. I especially liked the gains the children made in ELA and math. I know this will help us as we strive to close the achievement gap as well as reach our goal of making Adequate Yearly Progress (AYP).

Camille Lee Principal Chicora Elementary School. The results speak for themselves because the majority (of the approximately 125 students) made gains either in reading or math.

Successful Students - Satisfied Parents: TLK values parent involvement from start to finish. Parents are included in the process of developing the student's Individual Academic Plan (IAP). Parents receive initial test results right away, periodic progress reports, and final test results all in writing. Satisfaction surveys show that 95% of parents rate the program as excellent or very good. Over the last 7 years The Learning Key has provided tutoring services to 5,000 successful students in South Carolina.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Learning Key offers reading or math tutoring for grades PreK-8. Our skills assessment and parent/teacher input are used to prepare customized lessons focused on the students' individual needs. Tutoring is after

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

school for 2 to 6 hours per week. Snacks are served. A low student to teacher ratio of 5:1 allows for individual attention. Most LK instructors are certified teachers. Transportation to the LK tutoring center is provided. 20 hours of tutoring is offered. Parents receive pre and post test results plus periodic progress reports. Students receive Star Student certificates and advance an average of 1/2 grade level or more. Certificates of Completion are presented at a graduation ceremony attended by family members. 97% of our parents rate the Learning Key program as excellent! Learning Key has tutored more than 5000 students in SC over the last 7 years. Students learn to set goals, look forward to attending, gain a positive outlook on education, and build self-confidence.

What is the minimum number of students per school you will agree to serve?

The minimum number of students that Learning Key will serve per school is three (3).

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Provider Description

Legacy Youth and Family Services, Inc. provides premier tutoring services to qualifying schools and their student body throughout the state of South Carolina. The service mix offered by our company will include youth services, in addition to, Supplemental Education Services. All of our upper management professionals have earned graduate degrees from nationally accredited educational institutions across the country. Every member of our staff has complied with very strict hiring criteria including criminal background, sex offender, and health registry checks, in addition to our health screening, rigorous training and continuing education standards.

Our agency provides a quality service that is backed by valuable research based methods that are fully aligned with the South Carolina State curriculum. Our program is designed to address the specific needs of students who test below grade level.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Legacy Youth and Family Services focuses on improving the academic abilities of students in grades K-5. Instruction is offered after school, Mon- Thurs and on Sat (as needed) in-home or at nearby community locations. Each child is allotted 20 hours of instruction in either reading or math. Our curriculum consists of coach materials produced by Triumph Learning. 20 lessons will be delivered in two hour increments over 10 scheduled classes. Our program utilizes heterogeneous grouping where students are grouped according to skill level regardless of their grade. Large groups have a tutor to student ratio of 1:8, small groups 1:5 and individual tutoring is also available based on the needs of the child.

Sessions are led by Legacy certified teachers who have a bachelor's degree, college course credits in education or a related field. Our program is effective because our curriculum, resources and methods are research based and aligned with SC State curriculum.

What is the minimum number of students per school you will agree to serve?

3 Students

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Tutoring sessions will be delivered in home or at a community location.

Provider Description

New Dimensions Community Educational Center is a non-profit organization, whose goal is to address the academic and social needs of the youth in our community. New Dimensions Community Center is located in the heart of a slightly rural area. The nearest public library is approximately 8 miles away. The Center is open to all residents. We are now a Summer Lunch Feeding Site. We offer a hot lunch to youth from ages 2 -19. Our summer lunch program runs for 7 weeks during the summer. In addition, to providing supplemental academic assistance through explicit direct instruction, we offer a summer bridge program, (offering remediation and enrichment activities in reading, math, writing and English Language Arts) homework help, HSAP remediation, high school credit recovery, SAT and ACT preparation, test-taking

skills, time-management, writing instruction, and study skills. The centers director is an educator with twenty-two years of experience working with the at-risk population and is now enrolled in a doctoral program pursuing a degree in educational administration. She is a licensed school administrator trained in standards based education, four blocks, differentiated instruction and the coherent curriculum.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

New Dimensions Community Center provides tutoring and assistance to students in grades K -8 and 9th - 12th. We offer an individualized, direct instructional program for small groups of students, in the areas of math, reading and writing. Our academic program is aligned with the South Carolina standards. We provide tutoring at our Center located in Ladson, S.C. Tutoring is provided Monday - Thursday and on Saturday in small groups of 4:1. Sessions will be offered in intervals of 60 minutes 2x per week or 120 minutes 1x per week. Students are given the AimsWeb or BASC pre & post assessments and NDCC vocabulary and reading assessment prior to beginning tutoring. Students' learning plans are developed based on the results of the pre-assessments. Parents are included in the development of all learning plans. All instruction is delivered by certified teachers. Eighty percent of students met their goals of 1 to 1 1/2 grade level increases last year.

What is the minimum number of students per school you will agree to serve?

We have no minimum number of students per school to serve. However, in order for us to provide transportation, we would need to have at least 25 students enrolled.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Our students are tutored at our Learning Center in Ladson. I will try to find a locate Church or Community Center to use so the students can remain there.

Provider Description

One on One Learning specializes in offering individualized academic support for students and their families. Our program provides an individualized learning plan that examines the students' own learning styles and habits and focusing on their strengths in order to build confidence we work on the academic areas of need. We take great pride in providing individualized educational programs for each and every student in an engaging manner.

One on One Learning has been providing SES services statewide in South Carolina for the past two years. Services are also provided in Florida, North Carolina, and Connecticut. Our philosophy is to implement high quality programs that are effective and efficient. Our tutoring program is designed to identify specify areas of weakness and develop these areas into strengths.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

One on One Learning provides tutoring services in reading and math. Effectiveness in our research-based program is demonstrated by 93% of participants making achievement gains in 2010-11. Students in grades K-12 are served through an instructional program that is intensive, focused, and tailored to meet the needs of individual students. Each student is pretested and areas of weakness are identified. This guides the formation of a Student Learning Plan. Session lengths vary - 1 hour to 1.5 hours to 2 hours. Students attend 20 to 22 hourly sessions. Student/teacher ratio depends on our options of individual, small group, or large group settings with no group being over 8 to 1. Students are tutored at off-site locations - libraries and community centers. Online and in-home tutoring are also choices offered to students. Instructors must have 2 years of college and 2 years of experience working with children. Preference is given to teachers who hold a valid S.C. teaching certificate.

What is the minimum number of students per school you will agree to serve?

One on One Learning will serve a minimum number of 8 students per school.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

One on One Learning will be providing services at the Head Start location at 501 Rutledge Avenue Gaffney, SC 29341. Additional locations may be added to accomodate more students and schools.

Provider Description

Shout Church has been providing incredible distance learning tutoring opportunities nationwide for the last four years. Shout Church's SES program features a provided portable handheld device using a lesson-based curriculum to enhance reading proficiency. The lessons will be delivered to the portable device and monitored by a distance learning instructor.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Shout SES program utilizes a curriculum designed to enhance reading proficiency in a distance learning format. Students learn through completion of a series of modules delivered in a distance learning format on a provided portable handheld device. The Shout SES program is an innovative approach to Language Arts instruction for students in grades K-8. The number of sessions will vary according to PPA. Since student learning is accomplished primarily through distance learning, most instruction is at a 1:1 ratio. However, qualified instructors (certified teachers) act as program administrators and are available to provide guidance and support to students as needed. Shout Church's SES program received a score of .26, indicating that its instructional program meets standards and demonstrated a small substantively important increase from pretest scores to posttest scores.

What is the minimum number of students per school you will agree to serve?

1 student

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Online (distance learning) via a provided portable handheld device

Provider Description

Sylvan Learning Center of Rock Hill and Spartanburg is part of the Sylvan Learning System which is the world's leader in tutoring and SES services in the US. Sylvan has proven programs which have helped millions of students perform at their best. Our tutors are certified teachers or highly qualified tutors in related subjects, thoroughly trained, and love teaching our students. We provide the same proven techniques which have helped millions of students over the past 30 years.

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

We will provide 30 hours of instruction in language arts and math which is 10 hours over the state required minimum. We do that because our experience over the past 3 decades have shown that it takes 30 hours to move a grade level in language arts or math and we want to do everything to progress your child as far along as possible toward their goals. Sylvan Learning will be using state of the art instructional methods as well as a motivational program designed to make sure your student stays interested, focused and engaged. We build foundation skills so that our students develop the skills they need to do well in school as well as improve test scores on MAP and PASS tests.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Sylvan Learning Center offers a 30 hour program in either math or reading for K through 5 students in 2 hour sessions twice a week. We use certified teachers with an average ratio of one teacher for every five students. Children are grouped by pre-test scores and the curriculum is matched to the needs of each child with personalized instruction provided to each student. We use mastery learning which means we don't move on until your child demonstrates they can do the work so that no child is left behind.

Our program is highly effective and designed to increase MAP and PASS scores. In 2010/11 we worked with 105 children in Cherokee County. On average, students increased their California Achievement Test scores from the beginning to the end of the program over one grade level.

We will operate our program M-Th afternoons near the schools we serve. Transportation to the site will be offered upon request.

Parents will be responsible for picking their children up.

What is the minimum number of students per school you will agree to serve?

10 students per school

At what location do you plan to tutor? (Sites not allowed in our school buildings)

Iron City Place in Blacksburg and near downtown in Gaffney - we also have centers in Shelby and Spartanburg if you prefer Friday or Saturday hours.

Reading and Math

Provider Description

The Silver Eagle (SEEC) services K-12 children in SC in Reading and Math., 2 hours per day on 2 different days. Tutoring is provided in homes, schools, libraries, churches, and in community bldgs. We offer 1-1, 1-5, and 1-8 ratios. We service special need students (LD, EMD, Autism and other health impaired). Our staff consists of certified and college students. SEEC provides training throughout the program. SEEC will analyze assessments which may include MAP scores, benchmark data, observations, and Afterschool Achievers Pre and Post Assessments. During the 2010-11 school years, evidence of effectiveness was demonstrated using the After-School Achievers Assessments. Twenty students finished successfully. Twenty of the 21 showed a remarkable increase in math skills and 17 out of 21 students showed an increase in reading skills. If gaps exist, SEEC will re-teach concepts until they are understood. Our assessments are standards-based and geared toward standard and national assessments.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Website

Estimated Start Date for Services

10/30/2011

Do you make accommodations or modifications for students with disabilities?

Yes

Do you individualize your curriculum for special needs students?

Yes

Will transportation be provided TO the tutoring program?

No

Will transportation be provided FROM the tutoring program?

No

Comments:

TutoringOne is a 24/7 online math/ELA tutoring service which is accessed in the convenience of a child's home. However, the program may be accessed anywhere parents give their child permission to use the Internet - church, library, scouting, etc. Therefore, transportation is not provided.

Do you work with multilingual students?

Yes, some sessions

If so, which language(s)?

If "Other" please specify:

Services are available for all multilingual students since the programs are adaptive to the student's ability. However, the primary language of instruction is English.

Comments:

We provide reading/English Language Arts diagnostic assessments in Spanish as well as math vocabulary. Parents may receive monthly progress reports in Spanish as well.

Provider Description

Your child's daily individualized tutoring program consists of interactive lessons and video tutorials, skill reviews and reinforcement, followed by daily skill test. The placement tests readily adjust to your child's ability. Lessons are individualized and based on skill mastery. The 20 hrs self-paced program must be accessed a minimum of 2hrs/wk with a limit of 6hrs/wk and a maximum of 2hrs/daily. Tutoring is not provided on Sundays or after 8pm any day.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

TutoringOne is your child's personal 24/7 online K-12 math and reading/ELA service. Your child's individualized learning program consists of more than 1,000 interactive lessons and 70,000 daily assistance textbook videos. Students receive live tutor support as well. All services are from the convenience and safety of your home or where you permit Internet usage. No appointment is necessary. Online qualified tutors are college graduates or teachers

Placement and progress tests readily adjust to your child's ability. Lessons are individualized and based on skill mastery. The 22-hr self-paced program needs to be accessed twice weekly. The high quality audio, multi-media and colorful videos will keep your child interested throughout the courses. Student receives step-by-step instruction - perfect for special needs youth. Spanish support is available. The DOMA/DORA assessments measure your child's growth. Students must score 76% on the DOMA/DORA and most average 6 months of growth.

What is the minimum number of students per school you will agree to serve?

We need only one student to provide services to a school. TutoringOne can service an unlimited number of students one-on-one. Live tutor support can be accessed online as well.

We will tutor in both the subjects of reading and math.

Provider Description

At Upstate Circle of Friends, we will work with our youth by tutoring them in reading, math, and homework assistance. Our ratio is teacher student ratio is 1:6. Tutoring will be a primary focus of the after-school program of grades K-8. To improve PASS test results, children will participate in a curriculum called After School Achievers Reading Math Club. Research shows that the most effective after-school instruction must be standards-based and connected to the school day. Our tutors, who have a minimum of bachelors degree, are trained to assess each student to determine their individual areas of improvement. Each tutoring session will last 1.5 hours per day for three to four days per week with a minimum of 30 hours. During the 2010-2011 SES tutoring year, of the 20 students served, 95% of the students attended tutoring on their set day and time. 80% of the students raised their reading level by one grade.

In 1000 characters or less, please describe your program. Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

if you are an online tutor or in-home tutoring provider.

At Upstate Circle of Friends, we will work with our youth by tutoring them in reading, math, and homework assistance. Our ratio is teacher student ratio is 1:6. Tutoring will be a primary focus of the after-school program of grades K-8. To improve PASS test results, children will participate in a curriculum called After School Achievers Reading Math Club. Research shows that the most effective after-school instruction must be standards-based and connected to the school day. Our tutors, who have a minimum of bachelors degree, are trained to assess each student to determine their individual areas of improvement. Each tutoring session will last 1.5 hours per day for three to four days per week with a minimum of 30 hours. During the 2010-2011 SES tutoring year, of the 20 students served, 95% of the students attended tutoring on their set day and time. 80% of the students raised their reading level by one grade.

What is the minimum number of students per school you will agree to serve?

We will serve a minimum of 5 students per school.

At what location do you plan to tutor? (Sites not allowed in our school buildings)

The tutoring site will be held at the local library or a church site. The decision will be determined based on the number of children assigned to our organization.

Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

Regenia Rawlinson, a National Board Certified teacher and award winning educator, oversees the program. She is a veteran teacher of 30 plus years having served as a special education teacher, school counselor, a director of school counseling, and a district administrator for guidance and counseling services. In 1985, she was selected teacher of the year; she was also honored with Winthrop University's Richard R. Riley School of Education, Award of Excellence for Educational Leadership in 2003. Mrs. Rawlinson has worked with students from diverse racial and socioeconomic backgrounds, academic levels, and school levels. She has also authored several books that have provided professional development on local, state, and national levels for teachers, school counselors, and administrators on such topics as classroom management, developing positive relationships, parental involvement, instructional best practices, student engagement, and poverty.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

Village Concepts Consultants will use the SC Department of Education's S3 curriculum to improve ELA, math, and science skills. Highly trained, certified teachers and experienced tutors will use proven strategies to tutor underachieving K-5 regular education, special needs, and ESL students. Skill assessments to identify specific learning needs and input from parents and teachers are used to develop Individual Learning Plans (ILP). Students receive individualized instruction in a group setting with a maximum tutor to student ratio of 1:6-8. Tutoring sessions will be conducted twice a week for two hours after school and/or Saturdays at a convenient location. Students will attend a minimum of 20 hours. Parents receive weekly progress reports. An award winning and National Board Certified educator with 30 plus years of experience oversees the program.

What is the minimum number of students per school you will agree to serve?

Village Concepts Consultants, LLC will serve a minimum of 5 students per school.

Provider Description

Providers (Tutoring Choices) For Cherokee County Schools 2011-12
Mary Bramlett, Luther Vaughan, Limestone Central, Blacksburg Elementary

The Village Ministry Tutorial Services (VMTS) will provide instruction to students in grades K-9 in Reading/ELA and Math. The VMTS is a site-based program. The program will address the State standards through creativity to incorporate visual, auditory, kinesthetic, and tactile modalities to promote increased academic achievement. VMTS will employ accessible computer based lessons in ELA. The Reading Plus computer based program provides students with extensive structured silent reading practice in order to build fluency and comprehension. A present retrospective study in a large urban school district of Florida indicates that students participating in a silent reading program for a minimum of 20 hours of instruction made significantly greater achievements (Silent Reading Fluency, Kent State Univ.). Math strategies follow the SC State standards and will use both a diagnostic and prescriptive assessment. The Village Ministry Tutorial Services will tutor every student a minimum of 20 hour and a half sessions (actual number of sessions vary based on hours and PPA). We will employ small groups (1-to-6 max) or 1-on-1 tutoring sessions. Our tutors will be trained to proficiently tutor in either reading/ELA or math, and at least 2 years of successful college completion and experience in tutoring students. All tutors will be required to complete initial and ongoing training with the curriculum specialists.

In 1000 characters or less, please describe your program. Be sure to include the subjects in which you offer tutoring, grades served, session length, number of classes (based on hours and PPA), total hours, ratio of student to tutor, qualifications of instructors, evidence of effectiveness and any other information you think is important. Also, please be sure to include if you are an online tutor or in-home tutoring provider.

The Village Ministry Tutorial Services is a community based program built to serve the youth of our inner-city neighborhoods. The VMTS is a site-based program. We serve grades K-9 in the subjects of Reading/ELA and Math. We will have a minimum of 20 sessions lasting 1 and 1/2 hours each totaling 30 hours of tutoring. We will employ small groups (1-to-6 max) or 1-on-1 tutoring sessions. Our tutors will be trained to proficiently tutor in either reading/ELA or math, and have at least 2 years of successful college completion and/or experience in tutoring students. All tutors will be required to complete initial and ongoing training with the curriculum specialists.

What is the minimum number of students per school you will agree to serve?

The minimum number of students the VMTS will agree to serve per school will be 10.

At what location do you plan to tutor? (Sites not allowed in our school buildings)
